MOTION TO LOWER MONTHLY PAYMENTS FOR FILING FEE

Now comes, Michael Stevens, pro se, Plaintiff in the above captioned Civil Action, requesting this Honorable Court to lower Plaintiff's monthly forma pauperis payment for the following reasons:

1. Plaintiff was doing light work as a pod orderly. Plaintiff's income was approximately \$30.00 per month. Plaintiff was recently ordered to stop work by the medical department, because of his injuries. Due to the seriousness of Plaintiff's injuries he will no longer be able to secure any type of employment.

2. Plaintiff is also responsible and will soon be paying two forma pauperis payments to the U.S. District Court, District of Kansas.

Plaintiff is designated at CCA, 100 Highway Terrace, Leavenworth, KS. The portions of food supplied to the inmates at CCA are meager. If Plaintiff does not have a few funds for extra commissary items to supplement the very meager amount of food supplied by CCA, he would be hungry all of the time. This is not taking into account the endless postage, copies and other supplies Plaintiff has to

purchase for his legal obligations or hygiene items Plaintiff needs.

Wherefore, Plaintiff prays this Honorable Court will in the interest of justice lower Plaintiff's monthly forma pauperis payment and supply any other relief this Honorable Court deems just and proper.

Respectfully submitted,

Michael Stevens
